

# MEMO:

TO: TWCA Membership

FROM: Dean Robbins, Assistant General Manager

SUBJECT: TWCA *Legislative News* Service –  
82nd Legislative Session

DATE: October 1, 2010

---

---

The Texas Water Conservation Association (TWCA) will again furnish a Legislative News Service for the Regular Session of the Eighty-Second (82<sup>nd</sup>) Texas Legislature, which convenes on January 11, 2011. Prefiling of bills begins on November 8, 2010. TWCA's *Legislative News* provides an analysis of bills of significant interest to TWCA members and the status of these bills as they move through the legislative process. The *Legislative News* also includes notice of committee hearings on bills. During the 81st legislative session, TWCA briefed and/or monitored approximately 300 bills considered to be of interest to TWCA members.

TWCA's *Legislative News* includes two tracking reports developed and maintained by TWCA staff, one for bills of general interest to TWCA members and one for bills considered to be of higher priority. The reports are kept up-to-date electronically on a regular basis beginning in November, 2010, and through the session. Reports will be e-mailed to subscribers as updates are made. A final update is provided for legislation passed. The *Legislative News* will also be available in the "Legislative Subscribers" section of TWCA's website. A password is required and will be assigned to subscribers. A subscription form is attached.

TWCA water district members who subscribe to the *Legislative News* may also be eligible for up to a \$1,000 discount from TELICON, an on-line product of the Texas Legislative Service (TLS), which provides a combination of comprehensive data, analytical tools, and independent tracking for legislation in Texas and several other states. Please contact TLS at (512) 476-7596 if you are interested in this service.
