What are board panels?

Panels are subject-specific groups with seven elected directors that make up the TWCA board. Each panel elects a chair and a vice-chair who serve on the executive committee. Panel meetings are open to all. Additionally, the presidential tree appoints two representatives to the presidents' panel (appointees listed below each president's name at top of page).

Acronym Legend: DD - Drainage District • ID - Irrigation District • MWD - Municipal Water District • ND - Navigation District • RWD - Regional Water District • UWCD - Underground Water Conservation District • GCD - Groundwater Conservation District
