

TWCA is an association of water professionals and organizations working to promote sound water policy for Texas.

ABOUT US

OUR HISTORY

TWCA was established in 1944 as a nonprofit organization dedicated to the state's water resources with a specific focus on water supply and infrastructure.

OUR VISION

TWCA serves as a trusted resource on water. From drought to flood and everything in between, our vision is sound water policy for Texas.

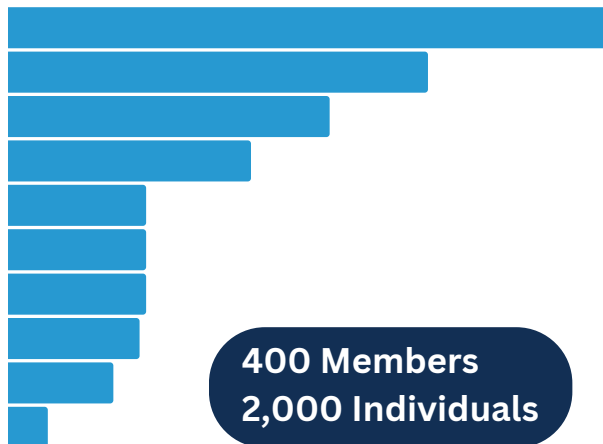

OUR MISSION

- **Build** consensus among members
- **Educate** members and policymakers
- **Advocate** on consensus water positions
